A revision at the district level has been decided regarding the fingerprinting of school volunteers

School Volunteers and District Fingerprinting Guidelines

Volunteers for coaching sports are *required* to be fingerprinted. Volunteers for overnight field-trips *must* be fingerprinted and submitted at least 60 days prior to the scheduled field trip to Central Office. All new volunteers should be directed to Central Office for fingerprinting cards. The district will pay for all volunteers except overnight school trip and volunteer coaches. The school will cover the cost for them (\$15.25).
